Jaal Shah Says, Our old premises in Ahmedabad served us well leaving us with fond memories, but at the same time, we are excited about the new office and the opportunities it brings for the group to reach newer heights. The new office is a planned modern space on the 14th floor of a beautiful modern building, putting us at the right place. Also, this all could not have been possible without the support and cooperation of our travel Partners from across the globe. We are thankful for everyone's support throughout the years and expect the same in the year to come.
